*This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.*

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. If Dragon Tattoo's Mikael Blomkvist and the Hunger Games Katniss Everdeen could have a love-child, she'd probably be a lot like Sam Blackett. Sam had given up her Manhattan job, and her cute apartment in Brooklyn. She'd abandoned her astonished boyfriend to the charms of ESPN, and flown off into a new dawn to chase her dream of becoming an investigative journalist. Three months later, alone in a soulless internet cafe, she's facing some cold, hard facts; she's unpublished, unhappy and broke. And right then, the gorgeous Pete Halland blows into her life - headed for the mythical Powder Burn mountain to write history and blast into legend. If she throws in her lot with Pete and reports the story for National Geographic magazine it could rescue her dreams, but he's holding back some crucial information - the question for Sam is, what? Soon, Sam is up to her neck in snow and the weather is the least of her problems; lost in a secretive Himalayan kingdom with - what could be - a magic sword and a simmering and potentially bloody revolution. But the father she lost to the war in Iraq was a marine, and he taught her a few tricks in the Vermont backcountry that might just get her out alive - and with a story to tell that could make the front page of the New York Times. Try the sample with Look Inside! Powder Burn is the first of a new series featuring Sam Blackett from the author of the best-selling Janacek's Games books. Chinese Burn will be published in the spring of 2014. Mark...
