Rong teacher through his invention of a series of practical tools. fully self-potential and to stimulate students interest in learning. leading students to take the initiative to organize the wrong questions. take the initiative to find explanations. exercises. testing various aspects of the gap. take the initiative to the summary. active cooperation and exchange and. ultimately. to enable students into learning the subject. Students need teachers and parents drive concept of the new changes in the roles. First. teachers need to do a catalyst in the learning gap for students looking to provide guidance to fully stimulate the students inner potential. so that students get from their own continuously generated due to the huge energy gap. Second. parents should do thermometer. children learn in time perception. psychological changes and other aspects of life. children learn to accurately find the gaps and help children find a gap of reasons for children s healthy growth to help. After a large number of teacher-wing analysis and scientific research materials. creatively put forward the gap between learning in the Pareto s Law that a large number of exercises. the decision of which student achievement is always that 20% of the wrong questions. Wing teachers that focused on the wrong title reflects the student s knowledge gaps. eliminate the wrong question is to eliminate the gap between the most direct and effective way. CETC 28 law to abandon a long time. saw a lot of style to do the practice exercises....
