It looks like we have a contender here. - Priscilla from PressedUpInABook.com The Resistance Has Begun. Remy Alexander never thought shed be hunted. Growing up in the posh comfort of the elite meritocracy of the Okarian Sector, she knew nothing of genetically modified food, drug regimes used to control and manipulate citizens, or the mysterious disappearances of powerful Sector scientists and politicians. But when her older sister Tai was killed in a brutal classroom massacre, Remy and her friend Eli swore to find the truth behind her sisters murder. Now, three years after the massacre, Remy and Eli are fighters for the Resistance, a fledgling group of renegades trying to stop the Sectors systematic enslavement of citizens. But just as Remy and Eli think theyve found a clue into the mystery of her sisters death, Valerian Orlean, Remys old schoolgirl crush, is put in charge of destroying the Resistance. While Remy and her friends race to unravel the mystery behind her sisters murder, Vale is haunted by the memory of his friendship with Remy and is determined to find out why she disappeared. As the Sector hunts the Resistance, and Vale and Remy search for answers, the two are set on a collision course that could bring everyone together - or tear everything apart. In this science-fiction dystopia, the mother-daughter writing team of Kristina, Amira, and Elena Makansi immerses readers in the post-apocalyptic world of the Okarian Sector where romance, friendship, adventure, and betrayal will decide the fate of a budding nation.
