A data breach at a local hospital has cost a patient his life but is just the beginning of an intricate scheme that stands to unravel the future of electronic medical records. Computer forensics expert, Ethan Deye, is thrust into an investigation that leaves his reputation and the life of a young, naive hacker precariously intertwined. As Ethan stitches together complex digital evidence and gets closer to exposing the truth he is forced to leave the anonymity and safety of working behind a keyboard. He must navigate the dangerous waters of betrayal and revenge while stretching his ethical limits in his search for justice. With time running out Ethan must find a way to outsmart a determined and sinister foe before catastrophe strikes the entire regional health care system. *Serpents Unwound* is the debut technology thriller from author Paul Mudgett. It presents a gripping cybercrime plot with vivid characters placed in circumstances that will test their mettle, their ethics, and their lives. Review Excerpts from Amazon and Goodreads: This book was a pleasant surprise. I thought a book by a first time author on computer hacking and medical records would be dry and heavy on advanced computer terms. Instead Mr. Mudgett wrote a well-paced and easy to follow mystery. - Bruce Hamilton, Goodreads Reviewer I would highly recommend this novel for anyone that is a fan of crime stories, computer hacking, or suspense stories, or for anyone that just wants to read a really good book. - William P. Foster, Amazon Reviewer It needs some editing for punctuation and spelling, but those are not the kind that makes you put the book down at all. The story is...
