The Phonics Reading Book, Teacher's Edition: Turn a Nonreader Into a Reader!

By Nick J Decandia Cpa

Createspace, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****. The Phonics Reading Book walks a non-reader, who knows just the alphabet, to a reader, first of short-vowel books, in Section 1 - where we teach all of the short-vowels and consonant sounds, except /q/ - which, as you know, always takes the /u/, so we took that out and put that in Section 2 - Blends, Long-Vowels and Segmenting of Long Words. We also cover punctuation and some sight words in Section 2. In Section 1, we also have Reading Pages, Review Pages and Phrase Reading Pages - which help transition students from reading one word on a page to reading sentences! The Teacher's Edition includes detailed Lesson Plans, and Review / Assessment capabilities.

Reviews

Merely no words to spell out. I am quite late in start reading this one, but better then never. I am happy to explain how this is actually the very best publication we have go through within my personal daily life and can be the best ebook for at any time.

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.
