Reviews

Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Hodder Stoughton General Division, United Kingdom, 2009. Paperback. Book Condition: New. New ed.. 194 x 128 mm. Language: English . Brand New Book. Born out of a decade of discussion and collaboration between The Monk and the Management Consultant - His Holiness the Dalai Lama and Laurens van den Muyzenberg - The Leader's Way represents the synthesis of East and West and provides an inspiring manifesto for business change. The world today faces many challenges. While our total wealth has increased enormously and we benefit from technological miracles, billions of people are living in abject poverty, we face the threat of environmental disaster, and even those in prosperous nations feel insecure about the future. Addressing these problems requires a different kind of leadership which sees things as they really are and resolves them in a holistic way. That is what The Leader's Way offers - a manifesto for change which can have an impact at every level, from the individual to the global.
