The given term paper contains the research about the reasons of success and failure of implementing economic reforms by some states of the Euro zone, especially in the times of crises. The appropriate theoretical approaches are introduced as well as empirical examples of Italy in 1990s and Ireland in 2008 2010 are analyzed. This all serve the base for the revealing of the reasons for success and failure of economic reforms by some states of the Euro zone. , abstract: Despite of the fact that the market economy has demonstrated its superiority before the others types of economies it is still not protected from crises. Economic crises are usually connected with the end of business cycles but they can also take place by the negative state of economy or mistakes of...
